**WHAT:** Alternates and the playoffs

**CLARIFICATION:** 2008 City Team Manual page #22 under Team Lineup #1: Only team players **who have played in at least one match during the regular season are eligible to participate in the playoff matches.**

Being utilized as an alternate during the Primary season does not qualify the player to participate in the playoffs; she must have played on one of the 8 sides in at least one match during the season.

This decision is per a consensus of the WSCGA Team Committee on March 13, 2008
